

For over **30 years**, the Aurora Co-op Preschool has been preparing young children for their primary education. Our professional teachers provide students with a developmentally and age-appropriate curriculum. Teachers work together with parents to create a comprehensive and enjoyable learning environment.

What is a Co-op?

Parents are the primary educators of young children. A Co-op allows parents the unique opportunity to share in their children's early school experiences and to take an active role in their education. It also enables your child to take their first steps towards independence while maintaining a sense of security. We acknowledge that active parent participation helps broaden the developmental process of young children. The Co-op values a close relationship with our parents, the community and area school systems.

Our Programs

Aurora Co-op Preschool is a NAEYC accredited school that offers developmentally and age appropriate classes for children ages 2 -5.

Parent & Me Class

This program is designed for your toddler to develop a sense of self, oral language skills, basic cognitive concepts, sensory-motor skills, and creative self-expression through play, art, and music.

3 Year Old Class

This program nurtures the potential and continuing growth of a child's knowledge and understanding of themselves and their world. It promotes a safe, caring and stimulating environment, where learning flourishes as children have time and opportunities to explore and investigate their world creatively.

4 Year Old Class

This program provides a learning environment offering activities that encourage exploring, asking questions, sharing information, and using imagination. Pre-reading and pre-writing skills are encouraged in learning activities and special emphasis is put on the alphabet and numbers in many class activities.
