researchers.

LOS ANGELES CONFERENCE ON
**INTERVENTION RESEARCH
IN SOCIAL WORK**

USC Davidson Conference Center | October 22 & 23, 2009 | 9 am – 5 pm | \$140

Intervention research in social work is the study of social, mental health and health services which aim to improve the conditions of individuals, groups and communities. Outcomes of intervention research and the process of evidence-based social work practice are the backbone of evidence-based treatments. With the advancement of evidence-based practice and the implementation of translational research taking place nationally and internationally, it is time to explore the state of science in social work intervention research.

PARTICIPANTS CAN EXPECT

- Expert presentations of recent intervention research in social work
- Comments from leading experts
- Detailed discussion on promises and challenges of intervention research in social work
- Inspiration for their own research

PRESENTERS INCLUDE

Concepcion Barrio	Jeffrey Jenson
Gary Bond	Sheryl Kubiak
Kathleen Ell	Mary McKay
Mark Fraser	Amy Watson
David Hawkins	Jeffrey Yarvis
Daniel Herman
